

PAYCHEQUES FOR MAY 30, 1980

All picketers will be paid on Friday, May 30th. If the membership should decide to reject what is presented at the Special Membership Meeting on the 29th, the pay period will include Friday, May 30th. Conversely, should we decide to return to work on Friday the pay period will include Thursday, May 29th.

These month-end cheques include the following: medical/dental, group life, disability, pensions, and one-half of any bond deductions (the other half was rolled into the May 15th paycheque). It may turn out that the University has indeed paid or will pay some of the picketers for the above - in such cases we hope that those involved will reimburse the Union at some point in the near future. Of course, it still stands that should you discover that you have been "under-paid" then you will be compensated.

There are further issues that will need addressing - issues such as retroactivity which will have to be paid by the Union and the hour to hour-and-a-half deducted for the strike which began on May 2nd at 3:30 pm.

If you have any questions please include them below.

QUESTIONS, SUGGESTIONS, ETC:

***For many picketers we do not have a month-end paycheque, we have only the mid-month advance. To ensure that you get paid for the above benefits please bring a month-end paycheque into the Union Office in the near future.

The issue of including shift work in the paycheque has yet to be resolved. The initial decision was not to consider it, but that decision is in turn being reconsidered. I incorrectly informed a picketer that shift work would be included (ie., the shift differential). Perhaps by the issuing of the paycheques on Friday there will be a decision. - Ray Galbraith (Secretary-Treasurer)
