Fellow Workers,

We were grateful to receive your donation of \$50.00 of which we can make very good use. You will be pleased to know ~~that~~ ^{the} ~~call~~ ^{our} call for financial support from ~~our~~ union membership has been answered most generously, showing that the cause which serves the people is supported by the people.

Our confidence lies in the rebellious ranks of all the unorganized workers who are mostly women and are now just begining to conciously seek the rights and equality that can only come through our own independent union organization. Workers join the labour movement, support the struggles for organization of all unorganized workers.

May this solidarity and strength of working class organization usher the day when labour power shall cease to be a commodity and labour shall become socially creative and free to serve the needs of all.

~~Thanks again.~~

~~In unity there is strength~~

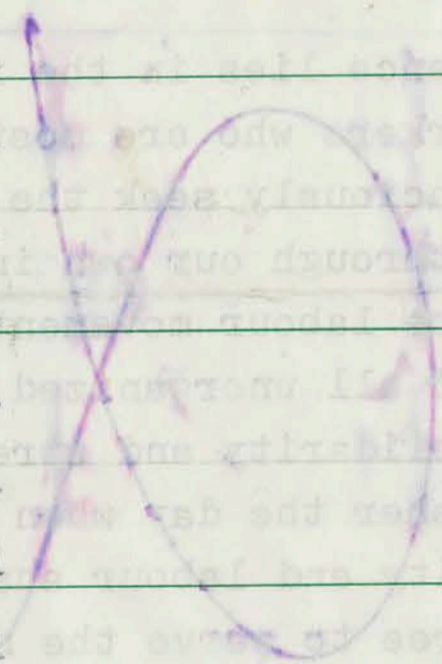

Once again, thanks for the donation,
Dick Martin
