Vancouver, B.C.

Dear Sir,

In reply to your letter of April 20, 1976 to Mr. R.A. Grant, Director, Employee Relations, concerning short term leave of absence requested under Article 7 (7.03) of the Collective Agreement for the Stewards' Seminar on Wednesday, May 19, the Union will have to give the University (Employee Relations Department) a list of names of the stewards and others along with the name of the departments where they work.

The Employee Relations Department will have to determine if it is possible to grant this time off. The intent of this clause as the University understood it was it would pertain only to a very small number of persons at any one time (four or five maximum) and these would be senior executive members of the Union.

Yours very truly,

W.L. Clark  
Assistant Director  
Employee Relations
