C.J. Connaghan
Vice President of
Administrative Services
Office of the President

Dear Mr. Connaghan:

Re: Your letter of March 15

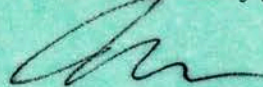

We would be pleased to meet with you to discuss the position of female staff at U.B.C.

As this subject is of profound importance to all aspects of our organization, and as the status of women is, or could be, of key importance to any of our Union committees, we are requesting that the meeting be with not only our Executive, but also with our other Standing Committees.

As this could involve a fair number of people, we would be quite amenable to meeting with you immediately after work.

Could you please contact our office to confirm the above and to arrange a suitable time and place.

Yeur Mackenzie
