Dear Madam or Sir,

I am enclosing a copy of our newsletter in order that you might determine the cost of production through your firm.

At present, we have 1500 copies printed for our membership. The newsletter is published once per month and usually contains between sixteen and thirty-two pages. Our newsletter contains articles by and for the membership.

Could you please give me an estimate based on the above information? If you have any questions, please call me at 224-2308.

Yours truly,

*Wendy G. Lymer*
