

February 26, 1982

Mr. John Spence
Industrial Safety Officer
workers Compensation Board
5255 Heather St.
Vancouver, B.C.

Dear Mr. Spence:

On behalf of the membership of A.U.C.E. who attended the seminar you presented on Feb. 16, 1982, I wish to express our sincere gratitude for you efforts.

The feedback I have received regarding the seminar, is that it was very informative and interesting. A need has existed at U.B.C. for a long time to identify individual responsibilities for safety in our working environment and to show people how those responsibilities should be translated into constructive actions to prevent injuries and illness occurring.

Once again, thank you for a job extremely well done.

Yours Truly,

Darlene Bailey
Health & Safety Repres.
