RE: Pamphlets being handed out at Convocation

A. U. C. E.

We as members of AUCE Local #1 disapprove strongly and deplore the handing out of information pamphlets to those people attending the graduation ceremonies.

We feel that it is a waste of both time and material and in extremely poor taste, as those attending Convocation are at this time not interested in anything other than the Ceremonies. AUCE will lose face by offering this information sheet and for those to whom it is given, it will be just another piece of paper to be cast aside without reading it.

We do feel that a properly set-up information package is extremely useful at the proper time and place, which should be carefully chosen.

THE GRADUATION CEREMONIES IS NOT THIS PLACE.

Please print this in the next issue of Across Campus
