Dear Sheila:

I have been asked, on behalf of the AUCE Local 1 Executive, to advise you of our dissatisfaction with the current issue of the Provincial Dispatch No. 7.

From the copy I have enclosed you will see outlined 23 errors. Since the Provincial is not held in very high regard by our members we did not mail out issues of the Provincial Dispatch to everyone. We did in fact send a number of issues to each Shop Steward to be distributed.

I should also mention the insert concerning Local 2. It was not stuffed into all copies of the Dispatch and it also has errors.

We have received calls from our members before when issues of our own Newsletter had errors in it. We would appreciate someone proofreading the next issue of the Dispatch before it is printed.

Yours truly,

Carole Cameron
