

Whereas Local 6 was instructed by the LRB that it must conduct organizing drives on a semester by semester basis

Whereas we now hold a higher percentage of membership cards within the potential bargaining unit than we have ever held before at this point in the semester

Whereas the amendments to the BC Labour Code now stipulate that we need to hold 45%+1 cards from the potential bargaining unit to get a certification vote

Whereas the end of the semester is getting close

Whereas during the past summer semester, with the aid of a paid temporary organizer to assist in accelerating the sign-up work, we nearly met the required percentage for a certification vote

Be it resolved that the Provincial Association grant sufficient funds to Local 6 to pay a temporary organizer to assist with the certification drive this semester on a half time basis to be paid the equivalent of a half TAship for 5 weeks.

*Spring 1978.*
