Dear Barbara,

Further to our telephone conversation yesterday, I am enclosing copies of all the documents relevant to Ms. Bronwyn Ogilvie's employment history at UBC. Also enclosed are a copy of the 1974-1975 AUCE contract and two copies of our current contract.

As stated in our conversation, we are interested in knowing:  
(1) Which article in which contract should be pursued in attempting to get Ms. Ogilvie reclassified to an earlier date as a Secretary II; and (2) if this matter is likely to end in arbitration, what our chances of success are.

Please note that we are authorized to spend no more than \$100 on this particular assignment. If you require further information or instructions, please contact me personally.

Sincerely,

Jay Hirabayashi
