

There appears to be confusion over the new shifts in the Computing Centre, especially in regards when it goes into effect & whether or not people have been contacted.

Could someone contact
Simeon before the end of
his shift (Computing Centre -
4:30 am - 10:00 am.)

^{Some}
* Picketers on 11:30-1:30
am. & 3:30-5:30am. shifts
protested extending the
hours to 2:30-5:30am.
They would rather see
a 3:30 am. to 6:30 am. shift.
They feel that the 3:30
starting time would be
more convenient for many
reasons.

Could you accommodate
their concerns. They were
strongly felt and reasonably
expressed.

Thanks,

Ray
