Dear Sir:-

We would be greatly obliged if you would supply us with full and complete information regarding customs tariffs and regulations governing the shipment of liquors to Germany, Suisse, Czechoslovak Republic, Belgium, Columbia, Denmark, Greece, and Italy.

Copies of the necessary customs and shipping documents pertaining to such shipments, with any instructions you think advisable to give regarding their use, would be thankfully received.

We would be glad to know if samples in two ounce miniature bottles, are allowed to enter free and also if there are any restrictions regarding advertising matter such as plates for newspaper advertising, leaflets, novelties, etc. etc.

Trusting you will be kind enough to give us as complete information as is possible.

Yours very sincerely,

DISTILLERS CORPORATION LIMITED.
