Attention: Financial Assistance Program

Dear Sir or Madam:

Please provide our office with information on the 1981 Financial Assistance Program for Labour Education. We understand this program is primarily designed to enable members of unions and labour organizations to gain a comprehensive knowledge of the labour movement and its relationship to the Canadian economic, political and social framework. The funds will go to independent unions to finance the continuing development of labour education activities. We fall into this category.

In addition we understand bursaries will be granted to individual union members who want to improve their educational qualifications in order to enhance the effective discharge of their union responsibilities. We would appreciate information on this part of the Program too.

Thank you for any assistance you can provide us in this matter.

Yours truly,

Carole Cameron
Union Organiser
