Dear Mr. Grant:

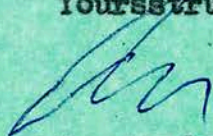

Re: Status of Non-Professional Women Study

Please be advised that the Union decided at its last membership meeting to participate in the proposed study of the Status of Non-Professional Women at U.B.C.

Nominations for our representatives on the Committee have been opened and will close at our next meeting, at which time we may hold an election by referendum ballot.

We will be in touch in regard to the necessary arrangements. We look forward to our first meeting.

Yours truly,

Ian Mackenzie  
President
