CAMPUS MAIL

Dear Bruce:

Many thanks for coming into our office and explaining your working hours to me.

I have discussed the fact that you are working 1/2 hour more than is allowed for in the collective agreement under the category of Student Assistants with the Executive and they feel that your situation should be overlooked. Since the University has not drawn your hours to our attention I would suggest you simply continue working your hours and let it pass. We did not feel that you should be paying part-time union dues when you were only working 1/2 hours in excess of what is allowed for student assistants.

Thank you again for coming into the office and I hope you will be successful in gaining full-time summer work.

Yours truly,

Carole Cameron  
Union Organiser
