The reason of my Insolvency is from having been sued by several laborers and others whom I had employed about the "Ship Rosedale" and being also indebted to others for labour done in and about the said ship under my contract to repair and launch her and being unable to launch the said ship I was obliged to relinquish my contract and to forfeit the amount which would have been due to me and out of which the Creditors on my estate would have been paid I have paid \$9,000 (nine thousand dollars) or Merchants for wages and have not retained out of monies received for my own use as much as would pay a laborer
