CAMPUS MAIL

Dear Mr. Clark:

In response to your letter of June 4, 1981 concerning the University's implementation of a new employee record and payroll system, the Union has some concerns and questions.

- what does "providing opportunities for employees to take advantage of the extensive user education that will be made available" mean?
- what kind of record system is it?
- what is the package being used?
- is the payroll package going to be a bi-weekly pay system?
- what type of security will be used to ensure employee confidentiality?
- will the program include all information currently in Staff Records?

Yours truly,
