Chair: Marcel Dionne

Marcel Dionne announced that there had been a mix up between the Union Office and the University and that we had had to change this meeting to a one hour meeting.

It is the intention to get this committee going as soon as possible; anyone interested should contact the Union Office. He also announced that the various groups on campus had come together to form the UBC Campus Community Alliance.

Then the floor was turned over to representatives of Investors Syndicate who made a presentation on financial matters, income tax planning, budget planning, wills, etc.
