Dear Ms. Bezusky:

At long last, in response to your letter of October 19, 1979, thank you for sending the brochure on the Labour College of Canada.

I am returning the application form for the correspondence course along with a cheque for \$30.00. I don't know when to expect the first lesson but hope it will be no sooner than January 2, 1980. Depending on how I do with the correspondence course I will consider the residential program.

My local is an independent union but at the moment we are investigating affiliation with the C.L.C.

Thank you for your assistance.

Fraternally,

Carole Cameron
