Rayleen Nash
Graduate Studies

Dear Rayleen:

We are writing in response to Barbara Wynne-Edward's letter of August 30 to the Executive in regard to the Job Evaluation Committee. We are directing the response to you, as we understand Barbara is going to be away for awhile.

We discussed the letter at our meeting of August 31. We feel there is certainly no problem in communicating the motions passed at the June membership meeting to the University. However, as the report published in the newsletter by the Job Evaluation Committee is not Union policy, it would not be wise to present it to the University with the implication that it is Union policy.

Sincerely,

Ian Mackenzie,
On behalf of the Executive.
