

association of university and college employees

March 4, 1981

Shirley Irvine
Faculty of Commerce
CAMPUS MAIL

Dear Shirley:

There will be a meeting of the Cross Local Committee on Health and Safety, Tuesday, March 10, 1981 from 7:00 to 9:00 p.m., in the Provincial Office.

Please advise Sheila Perret if you cannot attend.

I am enclosing an article I clipped from the Vancouver Sun on Tuesday. You can add this to your growing file on the subject. I am not certain of this but think that the video display terminals do not emit radio-active waves but microwave waves.

Fraternally,

Carole Cameron
Union Organiser
AUCE Local 1
