LOCAL No. 1 (U.B.C.)

Murriel Hawley
Steward
Dept of Economics

Dear Murriel:

Enclosed is a supply of membership application forms and initiation fee receipts, and several copies of the current Collective Agreement, for your use when signing on persons in your department who have not previously made application for AUCE membership.

For persons in your department who require a replacement card, just make a list of their names and forward it to the Local One office, to the attention of the Membership Secretary.

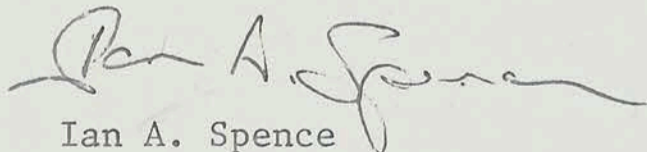

The Local Association by-laws are presently being updated to reflect several changes that the membership has approved over the past year. You will be receiving copies of the updated by-laws when that work is complete.

We appreciate your interest and concern in acting as steward for your office. I would remind you that as yet there is no Division Executive Representative for Division G, and if you are interested in serving in that capacity you could contact Carole Cameron, Union Organizer, and she could make the appropriate arrangements.

In the fall, the Union Organizer is planning a series of Division meetings in co-operation with the Contract Committee and the other standing committees, to encourage membership participation particularly in regard to Contract proposals for the set of negotiations upcoming in January, 1980.

Thank you.

Yours truly,

Ian A. Spence
Vice President
