

1. Full time person (From the Provincial Executive)

"that the Secretary-Treasurer's position become a full-time one"

This brings up several issues and questions:

1. Do we need a full-time person for the provincial since maybe only the small locals will benefit (SFU & UBC already have full-time people)
2. Should the full-time person be the Secretary-Treasurer, or does this concentrate too much power in one vote?
2. Motion to keep the present structure of the Provincial (not have a Council).
3. To provide for short term leaves so people can work for the provincial on such tasks as research for the locals, or going to Nelson who will be having special problems related to the three university governing body.

Discussion

NDU & Cap. College → want union organizer to:

1. do research for contract
2. co-ordinate provincial newsletter
3. to organize for NDU (when they split into regional campuses).

- means a dues increase

- larger locals have no need - UBC and SFU already have organizers.

Frances: no contract comm. Should have their hands held.

Peggy: formed our union on basis of self reliance. paying people to do these kinds of jobs leads to bureaucracy.

Louise: agrees, but don't have resources we do - some way to help.

Pat: should explore other alternatives for helping out smaller locals.

Nancy: agrees with Peggy, Frances.

Question: How have smaller locals utilized Provincial? ~~How~~ have they asked for help? from whom?

Nancy: talks about Cap. College, NDU participation in Provincial.

75 - Cap college  
40 - NDU.

Frances: Why is there only \$2,000 in Provincial treasury?
