**LIBRARY**

There was discussion on the memo from B. Watson, Acting University Librarian to Ann Turner on the question of cut-backs in the Library.

There was a general agreement that this cutback was an attack on the library staff, both professionals and CUE Members. General discussion was held on the questions.

Pay Equity and World Class University Library are concerns voiced by the University in its literature and yet they seem to be going against these concerns by their proposals for library cutbacks.

Greg and Paul were to investigate and to report back at a future meeting of the Library question to be held on Tuesday, January 16th.
