Student Strike Support Committee

SUPPORT AUCE 2'S JUST DEMANDS FOR A FAIR LIVING WAGE.

DEMAND AN END TO ADMINISTRATION CUTBACKS AND PRO-GOVERNMENT POLICIES.

FIGHT AGAINST ACADEMIC PENALTIES FOR STUDENTS RESPECTING THE PICKET LINE.

The current strike situation is rapidly polarizing students, faculty and administration groups. Morale and working conditions are being severely damaged now and for the future.

A strong base of students, faculty and teaching assistants have mobilized to demand that the administration settle the contract dispute with AUCE. It is clear that the administration has the money to settle right now.

Students in the strike support committee call for a mass walkout and picket line demonstration on Thursday to join the over eight hundred faculty members who will be withdrawing services on that day.

We also call for a continuing escalation of pressure on the administration by all sectors of the university community as the only way to ensure a swift and equitable end to the strike.

STUDENTS, YOUR EDUCATION AND YOUR FUTURE ARE ON THE LINE!

THURSDAY MARCH 22
