Dear Ken:

Re: Letter of Agreement Re: Joint Committee to
Review Benefit Plans - AUCE Collective Agreement

On March 3, 1981 I wrote to you concerning the above committee, and at that time I requested that you let us know how your union feels about the concept of reviewing our mutual benefit plans. I received no response from your local, although all the other unions on campus affected by the benefit plans contacted me and indicated that they would be represented on the committee.

We had our first meeting with the University yesterday, March 19th. It proved to be quite interesting and productive. We outlined our objections to the current plans, and requested some pertinent data re: the employees concerned. We all agreed that the current plans could be improved upon.

It appears to me that it is in the interest of your local to improve these plans as well, and as such, it is in your interest to have some representation on this committee, especially as you are the largest union on this campus.

I look forward to your response.

Yours truly,

Wendy Bice
