Dear Mr. Clark,

This is written in response to your query regarding our proposed seminar of June 1, 1976.

Enclosed you will find a complete list of all Local 1 Executive Members and Stewards as well as a list of Resource People who plan to make presentations at the seminar.

As a point of clarification many of the Executive Members listed also have their names noted under their respective divisions, this will give you an indication of where they are located as well as the position they hold as committee members.

I have attempted to supply you with the correct local for all individuals concerned in the hope that in the event the University is amenable to granting the seminar, the process of contacting department heads will become somewhat simpler.

Sincerely,

Fairleigh Funston
Union Organizer
on behalf of the Local 1
Executive Committee
